

BECOME A SPONSOR OR MEMBER AND HELP PRESERVE OUR BEAUTIFUL CEMETERIES

THE MISSION

The mission of the Norfolk Society for Cemetery Conservation (NSCC) a 501 (c) 3 nonprofit organization, is to preserve, protect and promote the eight historic municipal cemeteries located in Norfolk, Virginia through conservation, education, and advocacy. NSCC partners with The City of Norfolk's Bureau of Cemeteries to move this mission forward.

NSCC HISTORY

The Norfolk Society for Cemetery Conservation (NSCC) was established in 2013 to facilitate active conservation of Norfolk's historic municipal cemeteries via a public/private partnership with the Norfolk Bureau of Cemeteries Cultural Resource Management program. The City of Norfolk owns and operates eight cemeteries totaling more than 350 acres of green space in an urban environment. These cemeteries represent the social, political, cultural and military history of our great city. Four of the eight historic municipal cemeteries (Cedar Grove, Elmwood, West Point, and Calvary) are in need of immediate conservation. Presently, the monuments, mausoleums, tombs and sculptures that define the character & historic value of these cemeteries are disappearing as a result of vandalism, weathering, & the ravages of time. These sacred spaces are valuable artistic, educational, cultural and recreational resources for our community.

The City of Norfolk considers these cultural artifacts to be private property, so it is up to the descendants of the deceased to care for the family burial plot. Unfortunately, a majority of families have either passed on or moved away. Therefore, it is critical that the community comes together to conserve our collective history and the legacies of those who came before us. Otherwise, these unique and beautiful places of peace and serenity will be lost.
